Surname	First Name	Date/Year	Completed Thesis Topic
McMahon	J.E	1971	Chemotherapeutic studies on schistosoma mansoni infections in Tanzania
Hausfeld	R.G	1972	Value Orientations Change and Stress
White	Terence R	1983	Aspects of immunity to mesocestoides corti in mice with references to the use of immunomodulating agents
Saint-Yves	lan F.M	1/08/1975	The malaria eradication programme and population dynamics in the British Solomon islands protectorate 1970- 1976
Sweeney	A.W	4/02/1977	A new fungal pathogen for mosquito larvae
Leggat	P.A	1/12/1985	An epidemiological analysis of workers' compensation claims for back injury
Harvey	Philip W.J	1/08/1987	Iron repletion and susceptibility to malarial infection
Bukenya	Gilbert B	8/11/1991	The Epidemiology of under-Five childhood diarrhoeas in a peri-urban population of Papua New Guinea
Garcia-Zepeda	Eduardo A	18/03/1993	Molecular approaches to the diagnosis of human T. Solium Cysticercosis
Doolan	Denise L	17/05/1993	Molecular immunological characterization of the plasmodium falciparum circumsporozoite protein
Leggatt	Graham R	17/05/1993	Immune characterisation of <i>Echinococcus</i> antigens with particular reference to the 12 KDA components of <i>E. Granulosus</i> hydatid cyst fluid
Cheng	Qin	18/05/1993	Strategies for overcoming antigenic diversity in malaria vaccine candidate antigens
Awwal	A.M.M.Anisul		An Epidemiological Investigation of Maternal and Neonatal Indicators of Iodine Status in Bagladesh
Bowles	Josephine		Genetic Approaches to the Identification and Evolutionary study of Health Parasites
Thein	Soe	1/03/1994	Risk factors in dengue haemorrhagic fever
English	Ruth M	15/04/1994	Socio-economics status, diet and risk factors for coronary heart disease
Thomas	Steven	15/04/1994	Studies of the aetiology of oral neoplasia in Papua New Guinea
Currier	Jeffrey	19/05/1994	Characterization of the T cell response from non-exposed individuals to <i>Plasmodium falciparum</i> blood-stage antigens
Zevering	Olayinka	8/06/1994	Characterization of CD4+ T-cell responses to the circumsporozoite proteins of <i>Plasmodium Falciparum</i> and <i>Plasmodium Vivax</i>
Purdie	David	1/09/1994	Sun protection attitudes and behaviours amongst Queenslanders-Result of the 1988/1989 Queensland sun survey
Pruksakorn	Sumalee	7/09/1994	Molecular immunological approach to rheumatic fever vaccine development
Clark	Michele		A policy analysis and evaluation of the implementation of the geriatric assessment team program
Smitasiri	Suttilak	21/10/1994	Toward effective nutrition education/communication intervention: Critical analysis and strategic perspective
Silins	Sharon L	28/10/1994	Studies of the transforming functions of the Epstein-Barr virus proteins Ebina-4 and Ebina-6
Capra	Sandra M	15/12/1994	Nutritional assessment and dietary needs in a group of people with a moderate, severe or profound intellectual disability
Lew	Alicia E	1/03/1995	Molecular detection and typing of Burkholderia Pseudomallei
Muir	Lynda E.		Semiochemicals and the surveillance of adult Aedes Aegypti (Linnaeus). The dengue fever mosquito

Kaewkes	Sasithorn	9/03/1995	The epidemiology and taxonomy of minute intestinal flukes in Northeast Thailand
Норе	Michelle A	15/03/1995	A biological, immunological and genetic comparison of Chinese and Philippine Schistosoma Japonicum
Hyland	Catherine A	5/05/1995	Molecular analysis of the human rhesus blood group system: Polymorphisms and RH Antigen Expression
McComb	J.R	1/07/1995	The effect of changes in wage labour employment on household food security at Karimui, Papua New Guinea
Townson	Steven M	19/07/1995	The pyruvate: Ferredoxin Oxidoreductase System in Giardia Duodenalis
Sripa	Banchob	31/08/1995	Role of immune responses in the pathogenesis of cholecystitis in association with opisthorchiasis
Beebe	Nigel W	1/03/1996	The Anopheles Punctulatus Complex: A molecular Search for Identity
Hardinsyah		1/03/1996	Measurement and Determinations of Food Diversity: Implications for Indonesia's food and nutrition policy
Lucero	Marilla	1/04/1996	The impact of case management for pneumonia on child mortality
Tallo	Veronica L	1/04/1996	The doctor in the mother, the clinic in the home: An ethnographic study of childhood acute respiratory infections (ARI) and evaluation of an ARI Health Education Program
Wolter	Lindsay C	16/04/1996	Molecular mechanisms of antigen diversity within the Rh blood group system
Brown	David M		Oxidative Stress Management in Giardia Duodenalis
Kartono	Djoko	23/08/1996	Effectiveness of iodine deficiency disorders (IDD) control programs in endemic goitre areas in five provinces of Indonesia
Dowd	Lynette T	10/09/1996	The Queensland and aboriginal health program: A Twenty year vision
Bilsborough	Janine	16/10/1996	The immunological response to <i>Plasmodium Vivax</i> Malaria: An Hypothesis for the maintenance of immunological memory and identification of potential peptide vaccine candidates
Yang	Wen	8/11/1996	Molecular and immunological studies of Schistosoma Japonicum antigens involved in protective immunity
Zhang	Li Hua	26/11/1996	Molecular and immunological studies on components of <i>Echinococcus Granulosus</i> with particular reference to antigen 5
Heywood	Alison H	28/11/1996	Preventive care in general practice
McComb	John R		The effect of changes in wage labour employment on household food security at Karimui, Papua New Guinea
Seubsman	Sam-ang	19/12/1996	A trial social marketing of fermented whole soybean (tempe) for complementary feeding of infants among mothers in Jakarta
Amante	Fiona H	20/01/1997	T cell mediated immunity in resistance against blood stages of rodent malaria: Implications for vaccine development
D'Souza	Rennie M	1/02/1997	Household determinants of childhood mortality: Illness management in Karachi slums
Stowers	Anthony	17/02/1997	Vaccine candidature og the Plasmodium falciparum low molecular weight rhoptry protein complex, RAP-1 and RAP-2
Huang	Yixin	3/03/1997	Socioeconomic factors influencing the prevalence of schistosomiasis japonica and knowledge, attitudes and practices regarding the disease in a rural area of China

Srirak	Namtip	3/03/1997	The disease that cripples: leprosy, reaction and compliance in Northern Thailand
Reynolds	J.C		An action-oriented employment approach to school-based nutrition education
Colditz	Graham A		Prospective study of breast cancer aetiology: The nurses' health study
Whiteman	David C		Risk factors for site-specific Melanoma
Tyman	Ruth V		Medical Retirement: Implications for healthy and productive ageing in Police
Purdie	David M		Risk factors for Epithelial Ovarian Cancer: Result of an Australian case-control study
MSPH	Cielo J.P	23/11/1997	Genetic diversity of Plasmodium Falciparum and Plasmodium vivax in an area of low malaria endemcity in the Philippines
Prescott	Nicole	27/11/1997	The production of recombinant proteins and protein chimeras from plasmodial meroziote surface proteins
Burrows	Scott R	18/12/1997	The cell-mediated immune response to Epstein Barr virus
Kerr	Beverley M	16/02/1998	Investigations of the immune response to Eastern-Barr Virus: Strain variation and epitope definition
Day	Sharon Robyn	1/06/1998	Proteinases and their associated genes from Schistosoma Japonicum
Drew	Alexander	17/06/1998	Mobile and other repetitive sequences in the schistosome genome
Crome	Mark A	17/07/1998	The development and testing of methods for the routine monitoring of acute myocardial infarction in Queensland
Baade	Peter	27/07/1998	Community perceptions of pigmented skin lesions
Scott	Julie C	27/07/1998	Expression cloning and characterization of Schistosoma Japonicum cDNAs
Samarawickema	Nirma A	28/07/1998	Genome organisation of Entamoeba Histolytica
Songwathana	Praneed	1/09/1998	Kinship, karma, compassion and care: Domiciliary and community based care of AIDS patients in Southern Thailand
Braun	Angelica M	1/12/1998	Fertility in Transition: Kinship, Ethnicity, Gender, Family values, and Health in Northern Papua New Guinea
Hooker	Craig W	1/12/1998	Molecular characterisation of genes encoding candidate vaccine antigens from Schistosoma Japonicum
Parks	William J	1/12/1998	Under the shade of a Talise Tree: Understanding the household management of childhood illness in marrovo lagoon, Solomon Islands
Watson	Tonya M	1/12/1998	Ecology and behaviour of Aedes Notoscriptus (Skuse): Implications for arbovirus transmission in Southern QLD
Thomson	Scott A	6/12/1998	Processing of recombinant polyepitope antigens and their presentation to the immune system
Ross	Allen		Epidemiology and immunogenetic aspects of the Asiatic Schistosome in China
Linn	May L	27/01/1999	An immunological study of Ross river virus induced epidemic polyarthritis
Hirunpetcharat	Charkit	16/03/1999	Induction and regulation of immunity to blood stage rodent malaria parasites
Battistutta	Diana		Skin photoageing: epidemiological measurement and determinations
	Milica	6/07/1999	Under the sun of a foreign sky: Resettlement of immigrant women from the former Yugoslav Republics, QLD, Australia
Williams	Alun H	18/08/1999	"Abantu Abaafai" (people are dying): Old age in contemporary Uganda
